

TOP O' TOPANGA RESIDENT COMMUNICATION SYSTEM

As you may be aware, our Community has a mass communication phone program to alert residents in case of emergencies, utility outages/repairs, etc. in the Association. Residents included in the database are automatically dialed when a message is being broadcast.

We would like to include all residents in this program, as we believe it will help provide important information to you in a timely manner.

If you need to update or add your contact information to our system, please complete and return the following form to Donalea Bauer at Lordon Management – 1275 Center Court, Covina CA 91724.

Name: _____

Address: _____

Phone # including area code : _____

Alternative Phone #: _____

Thank you for your interest and support!
